THE **CHOP SAW**  **BLADE**

### MK-5S Chop Saw Blade

The MK-5S is a diamond rim chop saw blade engineered to cut rebar, pipe, angle iron and steel. The MK-5S utilizes advanced brazing technology to adhere premium quality diamond grit to a solid steel core. Longer life, maximum performance and improved safety are the advantages over an abrasive wheel. The MK-5S can easily outlast traditional abrasive wheels by a factor of up to 100 to 1.

Size	Maximum RPM	Part #
12" x .140 x 1" - 20 mm	6,300	171267
14" x .133 x 1"	4,300	170897

*Not intended for use on a handheld cut off saw.*
