- Shroud system adjusts to suit segment height and floor angle
- Easy to attach 10" grinding head
- Removable shroud for grinding near walls
- Water adjustment control valve for wet grinding

MK-SDG-101

MK-SDG-103

MK 10" Grinders

These MK Grinders are sturdy and reliable floor grinders that are easy to use. The unique shroud system easily adjusts to suit segment height and floor angle. The shroud has a removable section to enable the operator to grind near the wall. They can attach to a vacuum system to eliminate dust when dry grinding. They feature a water connection when wet grinding is preferred. The floor grinders have a foldable handle for easy transport and storage.
